

#RestartTheBurgWay School Plan

Revisions

Effective August 13, 2021

1. School Path – All students will attend school five (5) days per week for in-person instruction beginning August 25.
2. Mask Requirement versus Mask Recommendation
 - The District will determine whether or not masks will be required or recommended based on the level of community transmission data provided by the Centers for Disease Control. The data can be publicly monitored at the following web address: covid.cdc.gov/covid-data-tracker/#county-view

- During designated HIGH levels of community spread all students, staff and visitors will be required to wear a mask while indoors. When the level of community spread drops to the SUBSTANTIAL, MODERATE or LOW designations, all students, staff and visitors will be recommended to wear a mask while indoors.
- The District will monitor the CDC data and announce any masking status changes on our web site and social media posts.
- The District will be quick to change a masking status during periods of increasing community transmission as a preventative measure.
- The District will be slow to change a masking status during periods of decreasing community transmission in an abundance of caution.
- The District reserves the right to change masking status based on current District case rates regardless of the CDC Community Transmission Status.

- As of August 13, 2021, the community transmission level is at a “HIGH” Level and all students and staff will be required to wear a mask while indoors.
 - A medical exemption application will be available for students and staff that cannot wear a mask.
 - Students and staff will have the option of using face shields in special teaching and learning situations.
3. Meals – Breakfast will be served in the classrooms and/or the cafetorium with precautions. Lunch will be served in the cafetorium with precautions.
 4. Social Distancing – Physical distancing will be utilized to the extent possible.
 5. Transitioning – All students will move about the building as scheduled.
 6. Large Group Gatherings – Students and staff will take preventative measures and limit themselves to necessary congregations in the building while using large spaces for social distancing as feasible.
 7. Teaching and Learning – Students and staff will participate in traditional teaching and learning while taking preventative measures.
 8. Student and Staff Illness – Students and staff will continue to follow the most current guidelines/directives from the CDC, the Ohio Department of Health and the Scioto County Health Department.
 9. Practicing Prevention – Students and staff are asked to perform health self-assessments each day before reporting to school. If a student or staff member has a temperature of 100 degrees or higher and/or any sign of illness, they should stay home. Students and staff will have their temperature checked upon arrival at school. Students and staff will be provided hand sanitizer stations throughout the building. The custodial staff will thoroughly clean and disinfect the building each day.
 10. Transportation – Students will be transported each school day with precautions. Per the CDC public transportation mandate, students and staff will be required to wear a face mask while riding school bus transportation during all levels of community spread.
